### Description:

Rare Mexican board game, with a theme involving Smuggling Cowboys.

The image shows Mexican cowboys in charro outfits on horseback, lassoing the 64 spaces on the board. The accompanying text, upper right, provides the rules for the game.

The game's theme romanticizes the classical Mexican Cowboy Smugglers of the late 19th and early 20th Centuries, such as Pancho Villa, and perhaps earlier folklore heroes, such as Tiburcio Vasquez.
