Description:

Detailed engraved regional map of Feltrino, the territory around Feltre, published in Bologna.

The view was published in the collection of views under the title *Italia di Gio. Ant. Magini*. Giovanni Antonio Magini was a prolific 16th century Italian mapmaker and after his death in 1617, his son Fabio reworked and republished some of his maps.

The map apparently served as the basis for the Hondius-Jansson map of the region.
