Description:

This antique Society for the Diffusion of Useful Knowledge (SDUK) map from 1877 is a remarkable and beautifully crafted work of cartography. Engraved and hand-colored with meticulous care, it depicts the vast expanse of the Pacific Ocean with a stunning level of detail. Centered on Hawaii, the map captures the sprawling stretch of water that extends from the western coast of America all the way to the eastern coast of Asia. With its intricate representations of coastlines, islands, and waterways, this map is a testament to the skill and artistry of the cartographer who created it. It offers a vivid glimpse into the world as it was more than a century ago, and invites us to marvel at the wondrous beauty of our planet's great oceans.
