Description:

Decorative and highly detailed map of the region, which includes much of the Great Wall of China in the North. Includes 3 cartouches and wonderful internal detail. Coronelli's map of the region is one of the most decorative and sought after of all maps of this region. Two stains in the margin, one just entering the image, else a nice example. Coronelli was possibly the best Italian mapmaker of his time. He made globes, including one 5 meters in diameter for Louis XIV. From Coronelli's rare Atlante Veneto, one of the most decorative and ornate of all 17th Century Atlases. The map exhibits the fine engraving style of this coveted Venetian Atlas.
