Description:

Striking full color example of Tallis's town plan of Sheffield. Showing roads, buildings, railway stations, etc. Also includes landscape insets of Sheffield from the south east and the Parish Church Sheffield. Tallis was one of the last great decorative map makers. His maps are prized for the wonderful vignettes of indigenous scenes, people, etc. The town plans engraved by Tallis appear in only a small percentage of his works, making them harder to obtain than his regional maps.
