Description:

Fascinating map showing Piacenza on the Po River, with a number of canals, roads, public buildings, churches and other places of interest.

The map is apparently oriented with south at the top. We have not learned much about the map--it is probably worthy of additional study.

The map is signed and dated 1772.

Detailed Condition:

Loss of paper at lower left corner and a few repaired fold splits and tears, but generally a beautiful example.
