**Color:** Hand Colored  
**Condition:** VG  
**Size:** 16 x 13 inches  
**Price:** SOLD

### Description:

Fine map of the Northern Hemisphere by Antonio Zatta, based largely on the work of De Vaugondy in 1774.

This map is especially interesting for its treatment of the Polar regions and West Coast of North America. Zatta includes most of the mythical/conjectural Northwest Passage bay/river which was later debunked and re-written by Cook.
