**Condition:** VG+  
**Size:** 11 x 7 inches  
**Price:** SOLD

### Description:

Scarce early map of Japan, published by Nicolas Sanson.

The map divides Japan into 7 parts and 56 smaller divisions, each with the capital city located.

A rare map of Japan on the Blancus/Moreira type. The map's outline is derived from Ignacio Moreira's map, which in turn was based on Japanese cartography.

A nice example of this excellent early map.

### Detailed Condition:
