Size: 22.5 x 19 inches
Price: SOLD

Description:

A striking map of America by Homann. This edition shows a corrected Western Coastline, with California no longer shown as an island, although the remnants of the interior sea can be seen near the *pais de Moozemlek*. Good detail throughout the map, especially in the southwest and near the Great Lakes, which were then actively being explored by the French fur traders and Hudson's Bay Company. Minor soiling, with the price reduced accordingly.
