## Southern Cattle Fever

**Stock#:** 50899  
**Map Maker:** Bien  
**Date:** 1885  
**Place:** New York  
**Color:** Outline Color  
**Condition:** VG  
**Size:** 8.5 x 12.5 inches  
**Price:** SOLD

### Description:

Interesting map of Texas, issued by the Bureau of Animal Industry.

The map identifies the area impacted by a cattle fever, also known as Texas Cattle Fever, which decimated the Ranching Industry in the 1880s.

The map also identifies the boundary created by the state of Kansas, when it barred Texas cattle from crossing into Kansas.

### Detailed Condition:

Minor toning.
