The map features an attractively-engraved coat of arms of Viljandi Kreis, a province in Livonia in the 18th and 19th centuries.

This map was included in Ludwig August Mellin's Riga-published *Atlas von Lief- und Ehstland, oder von den beyden Gouvernemen- u. Herzogthümern Lief- und Ehstland, und der Provinz Oesel*.

This example of the map was never bound in an atlas, instead being mounted on linen for individual use.

Detailed Condition:

Folding map dissected in 18 parts and laid on original linen. Original outline hand-color.
