### Description:

***A magnificent hand-colored engraved celestial plate from "the most elaborate atlas of stars and constellations published to date and perhaps the last great star atlas." - David Rumsey***

Impressive celestial engraving from the large folio 1801 first edition of Johann Elert Bode's *Uranographia*.

One of the two celestial hemispheres from the large folio Bode celestial atlas. Hundreds, if not thousands, of stars are depicted on the plate, with their levels of brightness classified and indicated by a system of symbols. There are approximately seven levels of brightness indicated.
