***Monumental Postal Map of Eastern Europe Published in Trieste***

Remarkable large format map of Eastern Europe, providing a detailed view of the postal routes across various European territories.

A notable feature of the map is its depiction of Poland and the city of Warsaw, which, after annexation by Prussia and subsequent liberation by Napoleon's army, became the capital of the Duchy of Warsaw from 1807 to 1815. This particular portrayal of Warsaw offers a snapshot of a significant moment in Polish history.

Heymann's map is an important historical record, meticulously documenting the postal routes and political landscapes of its time.
