**Sketch Indicating The Advancement of the Surveys of the Public Lands and the Military  
Topographical and Geographical Surveys West of the Mississippi Prepared Under The  
Direction of 1st Lieut. Geo. M. Wheeler, Corps of Engineers US Army**

**Stock#:** 86913  
**Map Maker:** Wheeler  
  
**Date:** 1879  
**Place:** Washington, D.C.  
**Color:** Color  
**Condition:** VG+  
**Size:** 32 x 44 inches  
  
**Price:** \$ 650.00

**Description:**

Fine composite map of the West, which appeared in the final report of the Wheeler Survey.

The map provides in fine detail a composite report showing the areas surveyed under the direction of George Wheeler in the south, Clarence King in the north and the swaths of land given to the Northern Pacific, Southern Pacific and Union Pacific.

In addition, the routes of many early explorers appear, along with forts, Indian Tribal lands and reservations, and a host of other important details.

**Detailed Condition:**

Color lithograph on four sheets joined as one.
