Description:

A nice example of the *Western Tourist or Emigrant's Guide*...published in New York by J.H. Colton.

Folds into green 12mo with copper/gold gilt decorative covers 89 pages of text and an 18-page Colton catalogue of maps, charts, books, etc. A one inch chip missing from the spine, else a nice example. The map is colored by counties and has exceptional detail, including a small vignette on the Mississippi. Minor fold splits and one panel width split, but overall a good example. Ex-Library, with stamp on the fly leaf and title page.
