Description:

Striking full color example of Ortelius' map of Ischia, from the 1603 Latin edition of Ortelius' Theatrum Orbis Terrarum. A nice old color example, which has been flattened and deacidified. The map is based on a map engraved by Mario Cartario, in a book about Ischia written by Guilio Iasolino in 1568. Van Den Broecke 142. Minor marginal soiling, else an excellent example.
