Facies Poli Antartici ex recentissimis itinerariis descripta . . .

Stock#: 0044dg
Map Maker: Weigel
Date: 1718 circa
Place: Nuremberg
Color: Hand Colored
Condition: VG+
Size: 14 x 12 inches
Price: SOLD

Description:

Interesting and nearly completely conjectural map of the South Pole from Davide Kohler's *Descriptio Orbis Antiqui...* published by Weigel in 1720.

The map shows the prevailing belief in a massive southern hemisphere, which extended to just south of the Straits of Magellan and Le Maire, both of which are shown on the map.

An interesting retrospective projection.
