Decorative and highly detailed map of the Gulf of Venice. Includes an ornate cartouche with 23 city plans in medallions and a large coat of arms. The second cartouche includes a large coat of arms and there are over a dozen other coats of arms in the map itself. One of the most decorative of all 17th Century maps of the region. Coronelli was possibly the best Italian mapmaker of his time. He made globes, including one 5 meters in diameter for Louis XIV. From Coronelli's rare Atlante Veneto, one of the most decorative and ornate of all 17th Century Atlases. The map exhibits the fine engraving style of this coveted Venetian Atlas. A nice example of this very and highly sought after map.
