Description:

Decorative and highly detailed map of a portion of the Gulf of Venice and Sea of Dalmatia, in the Hercegovina region of Serbia and Montenegro. A remarkable engraving, with a striking large cartouche and unusual compass rose, along with a highly detailed topographical image of the region. The present example is an unusually strong dark impression, with wide clean margins. A remarkable map. Coronelli was possibly the best Italian mapmaker of his time. He made globes, including one 5 meters in diameter for Louis XIV. From Coronelli's rare *Atlante Veneto*, one of the most decorative and ornate of all 17th Century Atlases. The map exhibits the fine engraving style of this coveted Venetian Atlas.
