Description:

Decorative and detailed map of Africa, exhibiting the present knowledge of Europeans in the first half of the 18th Century. The cartography along the coasts is relatively accurate, but the interior is still largely myth and conjecture. Large decorative cartouche and compass rose. Narrow right and left margins, with loss of neatline and a 5 inch fold split at the bottom of the map, else a nice example. Normally a \$750.00 map.
