Description:

Nice example of this scarce large format map of Asia by Senex. The map is most remarkable for its detail in Southeast Asia, the Philippines, Larrones Isles, New Guinea and in its early illustration of the North Coastline of Australia. Large decorative dedication cartouche and two other cartouches. Also shows Land of Compagnia and Land of Yedso in tentative fashion, north of Japan, none of which have complete coastlines. A marvelous large format map. A bit of mis-folding, and a minor repaired tear at the lower centerfold and very minor dampstaining at the corners, else a nice example.
