Description:

Rare variant edition of Lloyd's map of Texas, extending North to incorporate Indian Territory. Highly detailed, throughout. Several early roads and Wagon Routes are shown, along with railroads, rivers, lakes, forts, Indians and the U.S. Mail Route. This is an early variant of the map, predating Bexar and Young Counties. Counties in full wash color. An excellent and surprisingly scarce early map. HH Lloyd's Atlas of the United States was never issued as a separate Atlas. Its only appearance is as a supplement to County and State atlases published by Warner & Beers.
