### Description:

Excellent early territorial map of Florida. Shows early counties (approximately 17 counties), towns, roads, INDIAN PATHS, Indian Villages, court houses, lakes, rivers, bays, keys, forts, etc. Inset of panhandle. One of the best early maps of Florida and certainly one of the most detailed. Apparently taken from American sources, including Tanner. The Society for the Diffusion of Useful Knowledge was active from the 1830s through the 1860s and published some of the best regional maps of the era.
