Description:

Large format map of Russia, extending from the White Sea and the Volga River to the Ukraine and Circassia, centered on Moscow and the Occa River. Colored by provinces. Shows towns, roads, rivers, lakes, mountains, forests and a host of other details. Interesting notes in English, including a note that in 1605 the Czar's Army found monuments in the area where Ptolemy located the Altars of Alexander. A nice example, with wide margins.
