**Description:**

Scarce example of Faden's Revolutionary War battle map drawn by Vallancey, a British Captain. The map shows the position of the troops of the Lord Rawdon versus Nathaniel Greene. Noted on the map are Log Town (destroy'd) and Mr. Charlستons burnt [home]. Rawdon's troops won this battle, but had casualties of 30%, which forced them to retreat to Charleston. This is second issue of the map appeared in Stedman's History of the . . . Revolutionary War. Nebenazahl #43. An old repaired tear extends across the center portion of the map, else a nice example.
