Description:

Rare late edition of Finleys' map of Mississippi from Finley's New General Atlas, colored by counties and showing towns, roads, rivers, mountains and other geographical features. Excellent Indian detail in the Northern two-thirds of the state, which lacks a number of Northern Counties. In 1830, the map was updated to creat new counties carved out of Washington County, including Yazoo and Madison, Hindes, Copia and Simpson. Covington County was also been added in 1830 and the the border separating Perry, Green, Hancock and Jackson County has also been realigned. In this 1832 edition, Madison County has been carved out of Yazoo and Rankin County has been carved out of Hindes. Vivid color.
