Description:

Detailed map of the Eastern part of Mindanao, Leyte, Passage Sirigao, etc., extending north to Buruhan and I. Billiran, etc. and south to Cape San Augustin and B. Tagloe. Shows the City of Mindanao. Nice detail, especially for the period. A number of wormholes near the centerfold, but no significant loss to the the printed image of the map. A good example of this early and highly detailed regional map. From Vandermaelen's remarkable 6 volume atlas, which if combined as globe gores forms an immense globe. Vandermaelen accomplished the first atlas mapping of the world on a uniform scale.
