### Description:

Gorgeous example of this rare edition of Colton's map of the United States. The most notable feature is that the map pre-dates the formation of Wyoming, with the area which would become Wyoming attached to Dakota, but unnamed. Curious truncated Nevada, oversized Utah, and Las Vegas in Arizona. Nice early detail, including towns, roads, railroads, exploration routes, etc. US Mail Route Shown, Kearny's Route, Marcy's Route, Fremont, Pony Express and many others. Vibrant colors.
