Description:

Scarce Spanish Sea Chart of Florida and the Northern Coast of Cuba. Extends from Cabo San Blas on the West Coast to St. Augustine on the East Coast. Shows many place names, lighthouses, soundings, bays, harbors, points, etc. The Rio Miami is named. Nice detail around Bahia de Tampa. Las Mil Islas shows a fascinating treatment of the Southwestern tip of Florida in a largely speculative archipelago. Minor several repaired marginal tears, but generally a very nice example.
