### Description:

Rare early railroad map of Louisiana, based upon Cram's first work in 1875. George Cram would become one of the most prolific atlas publishers of the last 19th and early 20th Centuries. However, his earliest maps, issued in the late 1860s, were marvelous separately issued railroad maps. His success led to the publication of two editions of his now impossibly rare Standard American Atlas in 1875 and 1879, which included a number of Cram's rare separately issued railroad maps. Includes excellent detail showing parishes, township surveys, towns, railroad lines, and other early details.
