Mappe-Monde 1816

Stock#: 13483
Map Maker: Lapie
Date: 1816
Place: Paris
Color: Outline Color
Condition: VG
Size: 16 x 8 inches
Price: SOLD

Description:

Interesting double hemisphere map of the World, showing the extent of the discoveries in the Pacific by Cook, La Perouse, Vancouver and others. Perhaps the most notable feature of the map is the tentative and relatively ambitious mapping of the coast of Antarctica, along with many offshore islands (or are they massive icebergs?). Nice treatment of Australia and the NW Coast of America for the period. Swash letter title.
