Description:

Nice full color example of Ortelius' map of Tartary, Japan and the West Coast of North America, from the 1579 Latin edition of Ortelius' *Theatrum Orbis Terrarum*, the first modern atlas of the World. The map is the earliest obtainable map to name California. Shows 7 cities of Cibola (only 6 cities are actually shown), the Straits of Anian, a very curious early treatment of Japan and marvelous detail in Tartary & China, including Marco Polo & Prester John notes, several vignettes, 2 decorative cartouches, sailing ships and sea monster. The map is also noteworthy for its depiction of both a Northwest and Northeast passage and unusual projection of Japan. Van Den Broecke 163; Burden 41.
