Size: 22.5 x 19 inches
Price: SOLD

Description:

Fascinating map of England and Wales, focusing on the distances between cities and market towns (large and small) at the end of the 17th Century. The map was published by Visscher, but includes a note that it was available for sale in London through John Overton, at the White Horse without Newgate. An interesting and unusual collaborative effort for the period. Fine example with clean wide margins.
