Description:

Decorative map of North America, illustrating the still unknown Northwest, New Albion, the limited knowledge of the west coast of North America, inaccurate Gulf Coast, misshapen Florida, strangely configured Mississippi River with the Missouri far north of its actual course and a host of other fascinating features. Classic colonial American cartography at the time of the French and Indian War. Nice detail along Hudson's Bay, especially the details along its west coast. Decorative cartouche. Full original wash color.
