Description:

Gorgeous full color example of De Wit's map of Asia and Oceana, extending to include a significant part of Australia.

Embellished with ornate cartouche, sailing ships, compass rose, etc. Mythical Yedso still appears above Japan. Nice treatment of Southeast Asia and the Philippines. The Northern portion of Australia is shown, separated from Carpentaria and Terra dos Papos (New Guinea) by narrow and conjectural straits. Remarkable old color example.
