Description:

Rare early map of the region bounded by New England, Lake Ontario and the northern Chesapeake River, centered on New York and Connecticut from Bellin's *Histoire Generale des Voyages*. Shows towns, roads, mountains, rivers, islands, capes, ports and other nice details. A nice French & Indian War map of the Northern British Colonies. Nice wide margined example in attractive wash colors. While similar to Bellin's map, New York is spelled differently and the map includes different information.
