Description:

Striking sea chart of the northern coast of Spain, from Capo Aviles in the east to Capo di Coriano in the west. Multiple sailing ships and a striking compass rose. The chart appeared in Dudley's *Arcano del Mare*, one of the rarest and most highly sought after sea atlases of the 17th Century. Dudley, an Englishman, produced this exquisite work while living in Florence. Dudley labored for decades before finally releasing the first edition of this work when he was 73 years old. A nice example, with a striking compass rose and characteristically fine engraving style. From the second edition of the *Arcano del Mare*. Minor waterstain near centerfold, else a nice example.
