Description:

Rare 2 sheet chart of the Mediterranean Sea, reduced from the surveys of J.F. Dessiou. Includes a view of Gibraltar. The chart is executed in the style of a Portolano, with only the coastal details given. Nice detail throughout, including on the islands of Sicily and Cyprus. The map is apparently quite scarce, as we were not able to locate another example of the map having been offered for sale in the past 25 years, although much later editions by Wyld apparently appear on the market periodically.
