Description:

Spectacular town plan of Jerusalem extensively highlighted with gold, based upon Christian Van Andricom's 1584 map. Inside the fortified walls of the town are numerous buildings, statues, hills, temples, fountains, and other places of biblical significance. Outside the walls are several battles, encampments and sens from the bible. Certainly one of the most remarkable holyland maps of the period. Laour 1022. Laor 1022. Repaired tear at lower center portion of map does not visually detract from this rare and highly decorative map.
