Description:

Nice full color example of the oval world map from the first edition of Ortelius *Epitome* published by Giovanni Battista Vrients.

The map follows the geographical features of Ortelius' 1584 map of the World, including the corrected shape of South America, Northwest Passage and massive unknown Southern Continent.

J.B. Vrients purchased the rights and plates for Ortelius' *Theatrum Orbis Terrarum* and *Epitome* at the beginning of the 17th Century and issued enlarged editions of each, adding a number of exceptional maps to each of these works. The Vrients editions of Ortelius' atlas are generally regarded as the most sought after by collectors.
