Description:

Remarkable large format map of Arizona Territory, the earliest separately issued map of the Territory to appear in a commercial atlas. Arizona Territory appears with only 5 counties, Yavahpi, Yuma, Mojave, Pima and Maricopa. The map illustrates the early railroads, settlements, Mining Districts, Indian Reservations, Forts and other important early features in the Territory.

Asher & Adams atlas was one of the first United States atlases to exclusively feature railroad lines, showing minimal topography (in this later edition more topographical features are added, earlier editions have fewer features shown) and only showing towns on or next to the railroads lines. The 1874 edition is the first to include a separate map of Arizona Territory.
