Description:

Rare map of the Republic of Mexico and contiguous parts of the United States.

Includes marvelous detail of the Mexican Provinces, including Texas and Upper California. The various overland routes to Santa Fe New Mexico are shown, including a route from Jefferson and St. Charles, Missouri. Extensive roads in Texas. The apocryphal rivers of California are still shown, but not reaching Lake Timpanagos (Salt Lake) and Tegwayo (mythical). The 1819 Adams Onis Treaty line is shown, as are the early Indian Districts West of the Mississippi.

A scarce and very fascinating map.
