## **Buell's Map of part of California showing the Mother Lode Mineral Belt with Rail Road and Stage Line Connections To The City of Stockton. Compiled and Published By R.A. Buell Stockton Cal . . .**

**Stock#:** 20366  
**Map Maker:** Buell  
**Date:** 1898 circa  
**Place:** Stockton, Cal.  
**Color:** Color  
**Condition:** VG  
**Size:** 29 x 22 inches  
**Price:** SOLD

### **Description:**

Detailed map of a portion of the mining regions of California, showing the area from Bouldin Island (just west of the City of Stockton) to Yosemite and from Amador County south to the Merced River.

The map includes remarkable detail in the mining regions of California, including a very detailed treatment of the Sierra Railway and the West Side Flume and Lumber Company Rail Road lines. Shows drainage, mines, railroads, stage roads, county roads, electric flumes, county lines, etc.

Title on cover: *P.A. Buell's map of a part of California showing the great Mother Lode mineral belt ...*

Relief shown by hachures. P.A. Buell operated on of the largest lumber yards in Stockton at the end of the 19th Century.

### **Rarity**

The map and pamphlet are rare, with only 3 examples listed in OCLC (California State Library, Bancroft, Denver Public Library).

### **Detailed Condition:**

Folding Map in original covers
