Description:

Nice full color example of Ortelius' miniature map of Provence, from the first edition of Ortelius *Epitome* published by Giovanni Battista Vrients.

J.B. Vrients purchased the rights and plates for Ortelius' *Theatrum Orbis Terrarum* and *Epitome* at the beginning of the 17th Century and issued enlarged editions of each, adding a number of exceptional maps to each of these works. The Vrients editions of Ortelius' atlas are generally regarded as the most sought after by collectors.
