Description:

This decorative world map was part of a set of 22 maps dedicated to William, Duke of Gloucester, who was then an 11 year old student at Oxford. Wells maps are known for geographical accuracy and the strenght of the engraved images. This map shows California as an Island, an incomplete New Holland attached to N. Guinea, partial New Zealand Coast line and no Southern Continent. While overall an attractive map, the map shows mild toning from an earlier framing, has a 3 narrow three inch repair along the fold has discolored and one other weak spot at the fold. About 40% of the normal full price.
