Description:

Separately issued 2 sheet map of the region from Val D'Aouste to the French & Italian Riviera, from Monaco and Nice northward to Savona. Inset map of the environs of Nice.

Rare separately issued regional map, in an original slip case, based in part on the Du Val/Placide map of 1691. The present example retains the Renard imprint information in the lower sheet at the left, pre-dating the more common editions published by Covens & Mortier. The map more commonly appeared as two maps in atlases published by De L'Isle and Ottens, the first bearing the title *Carte du Piemont et du Monferrat. . . .* and the second *Partie Meridionale du Piemont et du Monferrat . . .* The present example bears De L'Isle's privilege in the title.

A fine full color example, with original linen backing and original slip case.
