Description:

Scarce map of part of the Patrimonio di S. Pietro, showing the Italian Coastline from Monte Argentario to Civita Vecchia, from Rossi's rare *Mercurio Geografico*.

The map is a tremendous example of the fine topographical style of Rossi's maps, elegantly tracing rivers through steep and well defined mountain valleys. Includes a key in the lower left, depicting the symbols used on the map. An uncommon late 17th century map, based on the reports of Giacomo Cantelli da Vignola.
