Description:

One of the best large format maps of Mexico, Texas and Upper California to appear in a commercial atlas in the 1820s.

Texas is in its pre-Republic format, with many of place names shown, as well as the road from Natchtoches to the Loredo area. Substantial detail throughout the Rocky Mountains, incorporating Humboldt, Pike and Long. The west reflects the cartography which predates Fremont's explorations, including two Salt Lakes and the mythical rivers which connect them to the Pacific. Lots of Indian Tribes and place names throughout.

Some rust stains along right centerfold and to the left of the title
