Map Maker: Weimar Geographische Institut
Date: 1817
Place: Weimar
Color: Hand Colored
Condition: VG
Size: 23.5 x 18.5 inches
Price: SOLD

Description:

Decorative double hemisphere map of the World on a Polar projection, by the Weimar Geographische Institut.

The map shows the extent of the knowledge and polar explorations through the early 19th Century. As a result, there is no sign of any landmass where Antarctica will shortly be discovered and the NW Coast of America is highly inaccurate. The detail for the coastlines of New Holland is also very primitive.

Detailed Condition:

Minor discoloration at centerfold.
