### Description:

An interesting transitional map, which shows Bavaria north to the Upper Palatinate and south to include the Archbishops K. of Salzburg. A number of small provincial regions including Passau, Waldec, County of Werdenfels, Sulzabach and others are shown. Shows towns, rivers, mountains, lakes, etc. Striking original wash colours. Robert Wilkinson was active in London as a cartographic publisher from 1785 to 1825. He produced a number of nice works, including a General Atlas and a re-issuance of Bowen & Kitchen's English Atlas, along with excellent large format separate maps.
